I want Something fun and interactive

I like how you can buy stuff from the shop

I hope it's easy to use and not complicating

It better not be a scam

This sounds like a cool app

Looks at the quests and categories

Checks the IRL shop

Makes an account

Takes a look at the achievement points

Looks at all the pet options and pet shop

Adds personal info

I want to buy from the shop!

There's a lot of quests

Is this even legit?

Is it safe to give my address to this app?

How come people under 10 can't access this app?

I like how each person gets their own pet
